JETNET Announces 6th Annual JETNET iQ Global Business Aviation Summit

UTICA, NY – JETNET LLC, the leading provider of corporate aviation information, has announced that it will host the 6th annual JETNET iQ Global Business Aviation Summit in New York City on September 13-14, 2016.

The JETNET iQ Summit, a highly anticipated gathering of industry thought leaders to deliberate the state of the business aviation industry and its future direction, has been aptly described as a “gathering of eagles”. This year’s Summit will be migrating to a new date and location. The program will feature an opening reception and dinner on Tuesday, September 13, followed by an all-day program featuring industry speakers and panelists on Wednesday, September 14, at Le Parker Meridien Hotel, 119 W. 56th Street, New York. For the convenience of participants, the Summit will once again coincide with the NBAA Regional Forum, to be held at Westchester County Airport (HPN) in White Plains, NY on Thursday, September 15, 2016.

“As a world center of business aviation commerce and finance, New York City is once again the place to be,” said Paul Cardarelli, JETNET Vice President of Sales. “We look forward to welcoming thought leaders from across the industry on September 13th and 14th, 2016, and to sharing our latest JETNET iQ research insights.”

JETNET iQ provides independent quarterly intelligence for the business aviation industry, including economic and industry analyses, aircraft owner/operator survey results, and delivery and fleet forecasts. JETNET iQ recently published its 20th quarterly report. At the heart of JETNET iQ is a proprietary database with information from more than 10,000 respondents from 130 countries, the largest on-going research of customer sentiment available in the business aviation industry.

Since 1988, JETNET has delivered the most comprehensive and reliable business aircraft research to its exclusive clientele of aviation professionals worldwide. JETNET is the ultimate source for information and intelligence on the worldwide business, commercial, and helicopter aircraft fleet and marketplace, comprised of some 100,000 airframes. Headquartered in its state-of-the-art facility in Utica, NY, JETNET offers comprehensive user-friendly aircraft data via real-time internet access or regular updates.
