Susan Sheets Brogan Joins JETNET iQ as Director, Special Programs

UTICA, NY – JETNET LLC, the world leader in aviation market intelligence, is pleased to announce that Susan Sheets Brogan, industry veteran and former President of the National Aircraft Resale Association (NARA), has joined the JETNET iQ team as Director, Special Programs. JETNET iQ (Intelligence Quarterly) is the company's premium forecasting and advisory service for business aviation. With 20 years at the helm of NARA providing industry knowledge and market expertise, Susan has been a leading advocate for business aviation in Washington DC.

Her aviation career began in 1980 with the French aerospace manufacturer Aerospatiale, Inc. (now EADS). Actively involved in the general aviation community, Susan has worked in collaboration with NBAA, GAMA, NATA and AOPA to advance issues of concern to aircraft owners and operators. She served as President of the International Aviation Club in 1998, President of the Aero Club of Washington in 2008, and Secretary of the International Aviation Women's Association in 2011. Sheets Brogan holds a masters degree in French from George Mason University and an M.B.A. in International Business from George Washington University. She is also a private pilot.

During this year's NBAA, Susan will join the JETNET iQ staff to present industry professionals a briefing on the state of the business aircraft market to date for 2012, and a forecast for 2013. For the convenience of attendees, two identical briefings are planned, the first on Tuesday, October 30th from 11am until 12 noon (including a light lunch) and the second on the same day, Tuesday, October 30th from 3pm to 4pm (including coffee and snacks). Both will be held in the North Hall - Level Three, in Room N310-A/B at the Orange County Convention Center.

JETNET is inviting NBAA attendees to learn more about all their new products and services at their booth #5099 at this year's show, from October 30th to November 1st.

Ms. Sheets Brogan will also be actively involved in promoting JETNET iQ's Summit, "Igniting Ideas. Provoking Change," on June 4-5, 2013 at the W Hotel in New York City. JETNET iQ Summits are high-energy gatherings of thought leaders on current and emerging developments impacting the business aviation industry.

For almost 25 years, JETNET has delivered the most comprehensive and reliable business aircraft research to its exclusive clientele of aviation professionals worldwide.
